PRINT & PLAY

Simply print out the cards (preferably on slightly thicker paper), cut them out along the dotted lines and you're good to go.

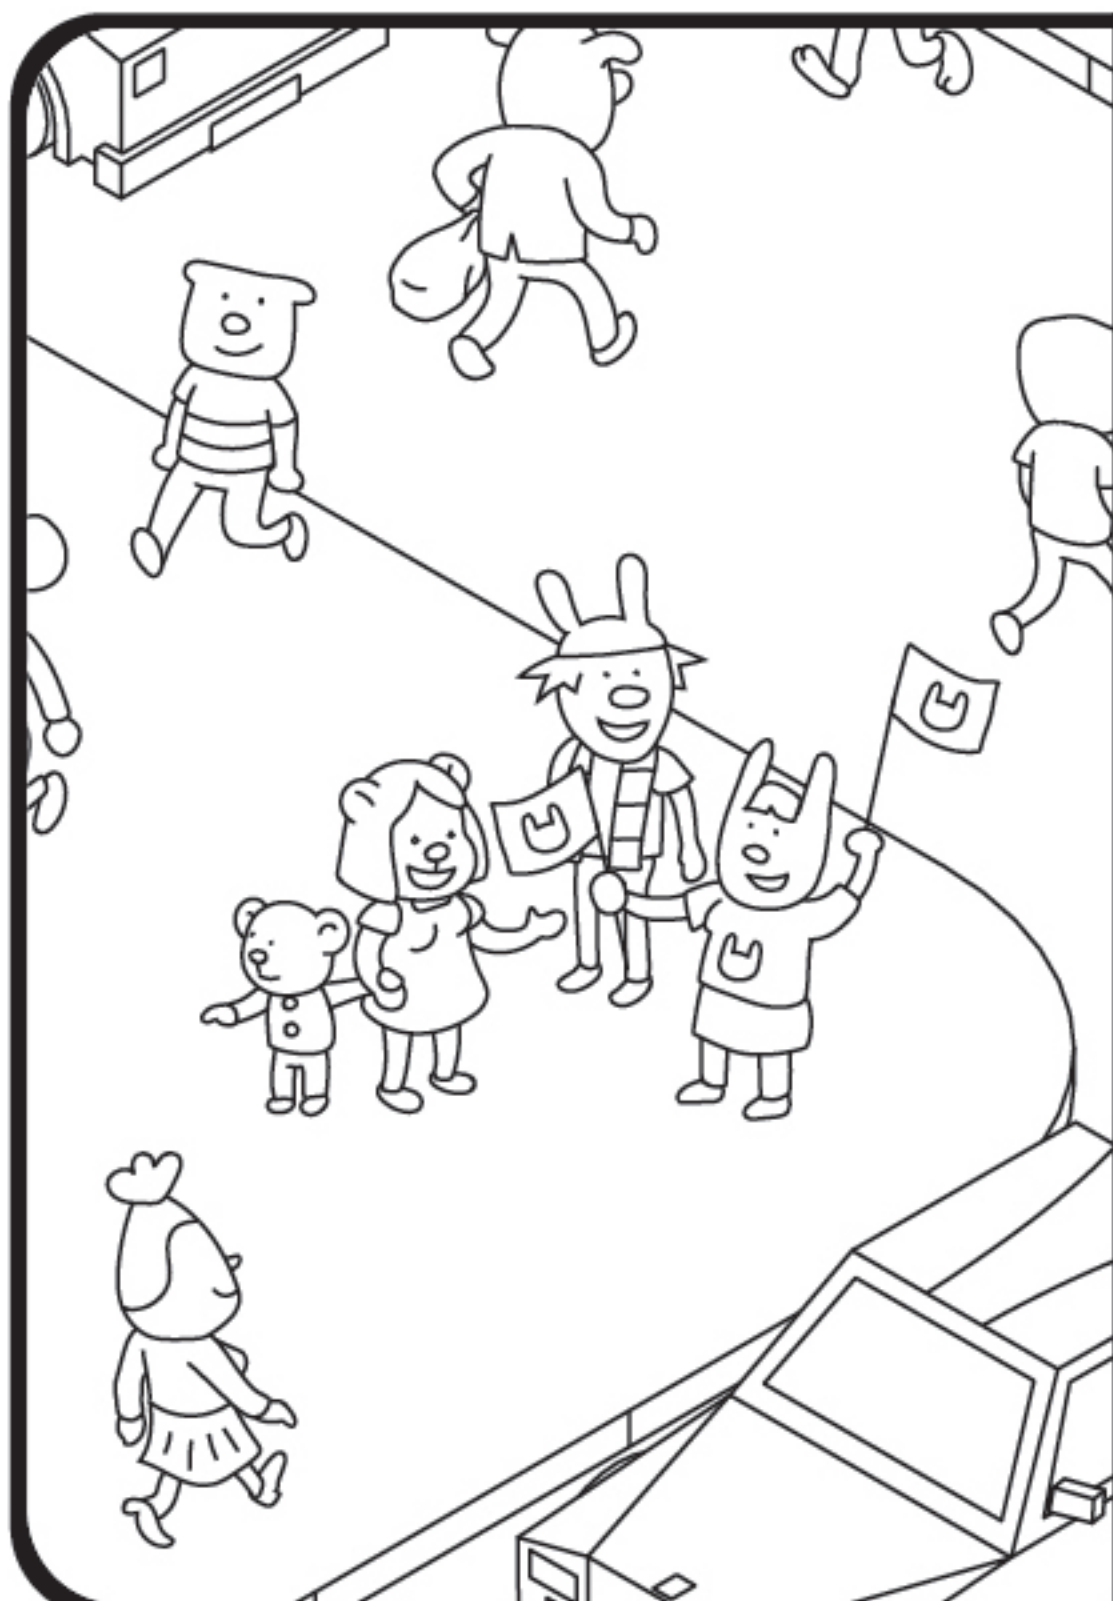

Whether you can print the front and back exactly aligned depends on your printer (if so, mirror on the short side).
If not: print the two sides on separate sheets, glue the front and back together and cut out the cards.
Of course, please make sure that you don't spoil yourselves.

Have fun!

NEAR THE SUBWAY STATION

Between the drinks stand and the subway station Mama Bear met some friends and chatted with them for a while. That's where Leo and Mama Bear were last together.

THE LOST SON

Mama Bear reports that her son Leo has disappeared. She has looked everywhere for him but can't find him in the crowd of football fans.

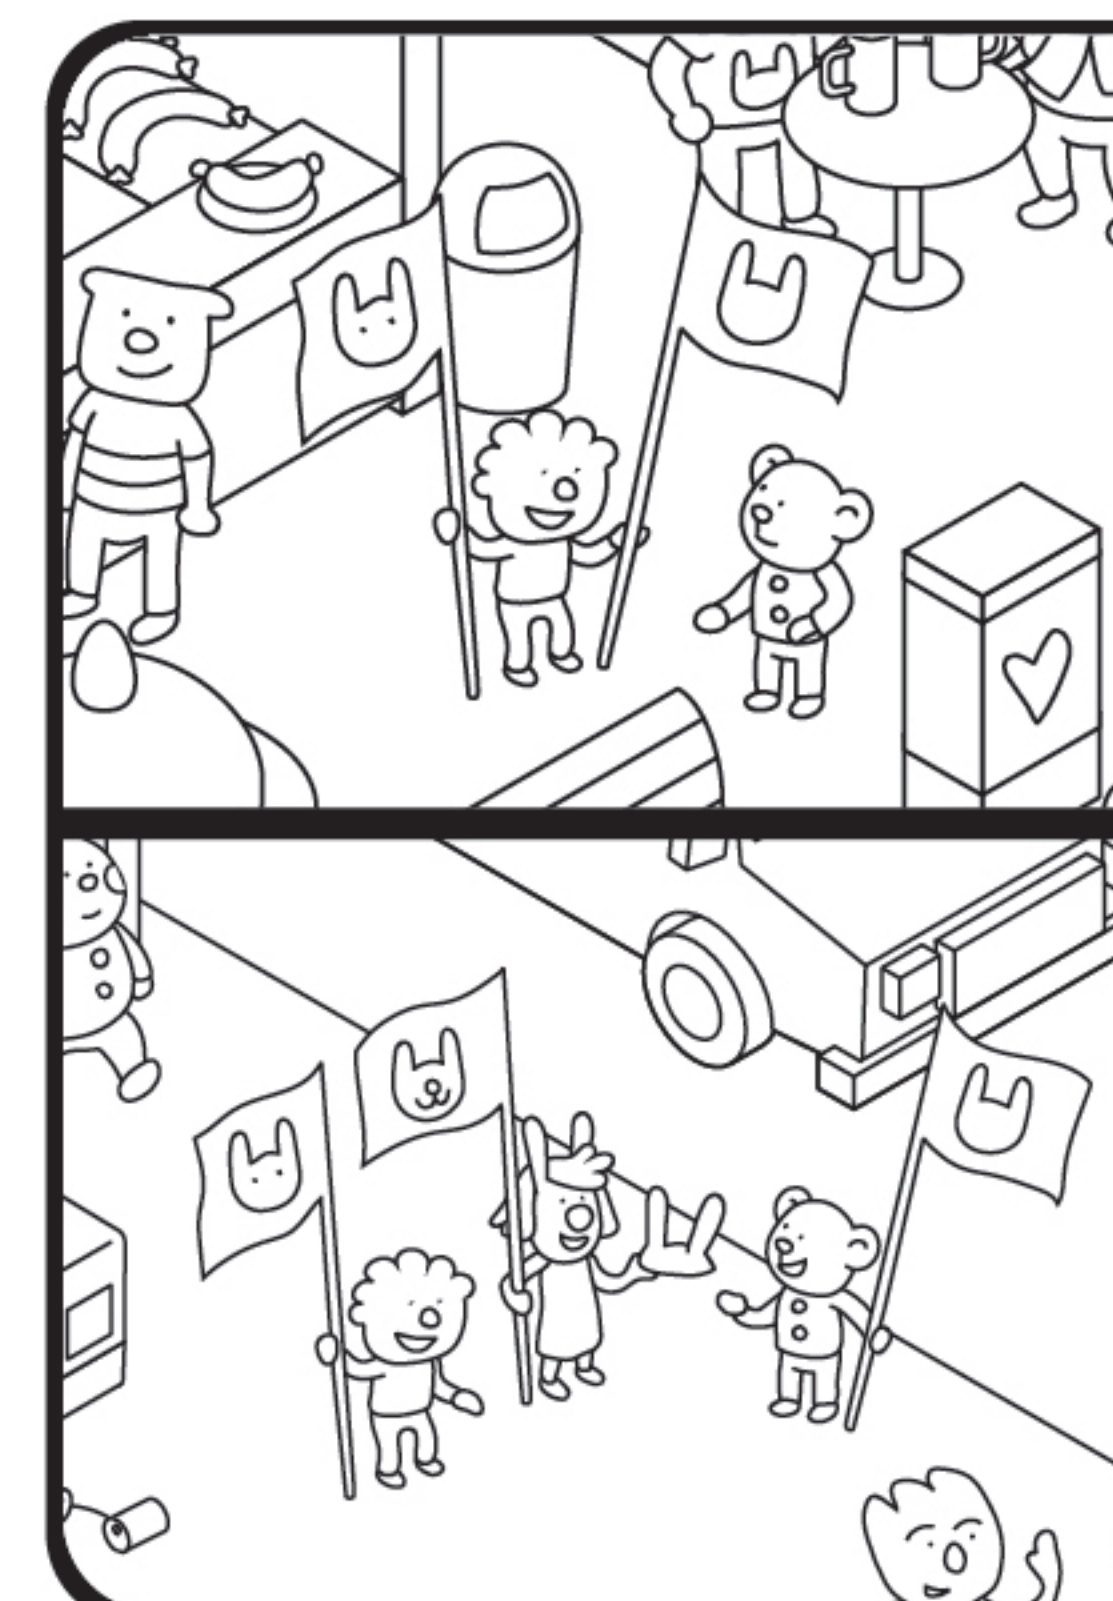

WHERE IS LEO BEAR?

Two police officers have encountered a **distraught woman** at the bus stop near the **stadium entrance**. She reported frantically that her son had disappeared.

IN THE STADIUM

The three children sneaked into the stadium through a hole in the fence. Only then did Leo realise that his mama wasn't nearby. Luckily, a police officer was able to help; he called his colleagues outside the stadium – Mama and Leo were soon together again.

FRIENDS WITH FLAGS

Leo spotted his friend Ernie at the sausage stand and ran over to meet him. The two friends met Susi a little further on.
